

Also —Music Committee Report

Worship through music is a very important part of our Sunday services and on special occasions. Even though challenges arise, our small group is faithful. Last winter when Bob and Sally Chadbourn were on their 5 month cruise, and Art and Laurie were in TN caring for Art's sister- others pitched in- Sue Higgins selecting music, Carolyn Young joining in on organ, and always Dan Rich making everything run smoothly with music projected up on our monitor for all at church and watching the services remotely.

We are part of special services during in the year - combined choirs during Easter, Labor Day service at the Dam, our Remembrance Service in November, Christmas celebrations, and special music sprinkled in often.

Our number may be small, but God has blessed us, and continues to reach into people's hearts through the gift of music.

We welcome others to join us,

Laurie Foster
